**Subject:** M&I Shortage Policy

Mr. Lewis - I'm writing about the recently released M&I shortage policy. As you no doubt are aware, EBMUD is somewhat unique in that we have a CVP water service contract that only provides water in dry years. It will help me to explain how the Policy specifically applies to EBMUD if I could get from you or CH2MHill a table that lists the annual deliveries to EBMUD. The information in Table 4-2 of the EA only lists the deliveries to EBMUD in the 13 years where deliveries would be less than 75%.

If possible, please supply the Table as an Excel spreadsheet. I have to make a presentation to my management of the effects of the Policy, and one of the items I want to do is to show, by year, the amounts of CVP water delivered, the amount of EBMUD water rights water used, and conservation level of our customers.

If you have any questions, please call me at 510/287-1185.

Alan L. Thompson, Senior Civil Engineer

Water Supply Improvements Division, EBMUD
